### **"[WARNING: DMARC validation failed]"**

Constant Contact email issue with Tier III Outlook Admins – no response since 8/28.

9/20/2018 Email Update: "Next Steps: In preparation for Phase 2, OEI has acquired a tool, which uses O365 features to analyze and address rejected emails that are sent from valid sources on behalf of EPA. More details will be provided in future communications." Chris believes this explains why no response and we will wait to hear further.
